WAYSIDE TECHNOLOGY GROUP, INC. REPORTS 2010 FIRST QUARTER RESULTS AND DECLARES QUARTERLY DIVIDEND

- Revenue: \$40.4 million, up 27% year-over-year

- Income from operations \$0.9 million, up 15% year-over-year

- \$.15 dividend declared

SHREWSBURY, NJ, April 29, 2010 – Wayside Technology Group, Inc. (NASDAQ: WSTG) today reported financial results for the first quarter ended March 31, 2010. The results will be discussed in a conference call to be held on Friday, April 30, 2010 at 10:00 AM Eastern time. The dial-in telephone number is (866) 261-7280 and the pass code is "WSTG".

This conference call will be available via live webcast – in listen-mode only – atwww.earnings.com. A replay will also be available on the company's website at www.waysidetechnology.com.

Cash and marketable securities amount to \$16.0 million, representing 65% of equity as of March 31, 2010. The company has no debt.

Total net sales for the first quarter of 2010 amounted to \$40.4 million, compared to \$31.8 million for the same period in 2009, representing a 27% increase. Sales for the first quarter of 2010 for the Lifeboat segment were \$29.1 million compared to \$20.2 million in the first quarter of 2009, representing a 44% increase. Sales for the first quarter of 2010 for the Programmer's Paradise segment were \$11.2 million, compared to \$11.5 million in the first quarter of 2009, representing a 2% decline.

Sales from our Lifeboat segment showed strong growth. The 44% increase in net sales in the first quarter of 2010 compared to 2009 was mainly a result of our continued focus on the expanding virtual infrastructure-centric business, the addition of several key product lines, and the strengthening of our account penetration.

Total gross profit for the first quarter of 2010 amounted to \$4.0 million, compared to \$3.5 million for the same period in 2009. Gross profit for the first quarter of 2010 for the Lifeboat segment was \$2.7 million, compared to \$2.0 million in the first quarter of 2009. Gross profit for the first quarter of 2010 for the Programmer's Paradise segment was \$1.3 million, compared to \$1.5 million in the first quarter of 2009. The decrease in gross profit dollars for the Programmer's Paradise segment was primarily due to the lower sales volume.

Q1 revenue for our Lifeboat segment increased due to strong growth for some of our product lines as well as signing on more software publishers. As a result, gross profit dollars for our Lifeboat segment increased by 32% in the first quarter of 2010.

Total gross profit, as a percentage of net sales, for the quarter ending March 31, 2010, was 9.8%, compared to 10.9% in the first quarter of 2009.

"The first quarter of 2010 showed excellent growth" said Simon F. Nynens, Chairman and Chief Executive Officer. "We strengthened our position in the software distribution market and continued to sign on new vendors. Strong revenue growth allowed us to drive a solid earnings performance."

Total selling, general, and administrative ("SG&A") expenses for the first quarter of 2010 were \$3.0 million compared to \$2.7 million in the first quarter of 2009. This increase is mainly due to an increase in employee related expenses (salaries, commissions, bonus accruals and benefits) of \$0.2 million and an increase in stock compensation expense of \$0.1 million.

On April 27, 2010, the Board of Directors declared a quarterly dividend of \$.15 per share of its common stock payable May 19, 2010 to shareholders of record on May 12, 2010.

About Wayside Technology Group, Inc.

Wayside Technology Group, Inc. (NASDAQ: WSTG) was founded in 1982 and is a unified and integrated technology company providing products and solutions for corporate resellers, VARs, and developers, as well as business, government and educational entities. The company offers technology products from software publishers and manufacturers such as Acronis, Computer Associates, DataCore, Dell, Flexera Software (publishers of InstallShield), GFI, Hewlett Packard, Infragistics, Intel Software, Microsoft, Mindjet, Quest Software, SolarWinds, StorageCraft Technology, TechSmith, Veeam, Vizioncore, and VMware.
